

THE REPRESENTATIVE  
OF THE  
UNITED STATES OF AMERICA  
TO THE  
UNITED NATIONS

July 5, 1984

The Honorable William J. Casey  
Director of Central Intelligence  
Washington, D.C. 20505

Dear Bill:

As I mentioned to you, I wholly agree with your comments on the continuing verbal warfare that our adversaries wage against us. It is a subject about which I have thought a great deal during the last twenty-five years and will doubtless continue to mull over. So if you decide on a small group or a conference on the subject, by all means, count me in.

I hope that you and Sophia had a good Fourth of July.

Best,

Jeane J. Kirkpatrick
